

Pictured above are Melvin Norcutt and Pete Reynolds, employees of the Town of Gretna. They are busy planting 25 Leyland Cypress trees along Main Street across from Food Land. Mr. Joel Shelton, a member of the RGG committee, is donating this streetscape project to the Town of Gretna. Mr. Shelton is graciously doing this project in memory of the late Rev. William D. Lilly, a good friend of his. This is just one of many Downtown Beautification Projects slated for the near future.
